

Out of County – Shared Food Facility Agreement

Environmental Health (EH) recognizes that there are times when food entrepreneurs and others working in the food industry may require access to a permitted food facility for a very specific time frame so as to meet food production needs and comply with State food and safety code requirements. In order to participate at either a single or a recurring temporary food facility event occurring in Orange County, the following agreement is required to be completed by the permitted food facility operator/owner where your food production will occur.

Permitted Food Operator information

The person listed as **Dependent Food Operator** below has my permission to store, prepare food, and store any and all approved equipment in my food facility. I assume all responsibility for any health code violations which may occur while my facility is being used for this purpose. **My local health permit is attached.**

Primary Operator’s Business Name	Facility Address
Name of Legal Owner/Representative	E-mail Address
Print Name	Signature
Phone Number	Date

Dependent Food Operator information (the business using the Permitted Food Operator’s facility)

I agree to use the above food facility to prepare and store food, as well as any approved equipment in advance of the Orange County event. I understand that if I no longer prepare food at this facility I must obtain another agreement for the use of a permitted food facility or discontinue preparation of food in advance of the event. **This agreement is required to be signed and updated annually.** Submit this form with the Primary Food Operator’s health permit from the governing agency.

Business Name	Food Operator Address
Foods to be Prepared at the Permitted Food Operator Facility	
Print Name	Signature
Phone Number	Date

This agreement has been reviewed and accepted by Orange County Environmental Health.

EHS Print Name: _____ EHS Signature: _____

Date Approved: _____ Comments: _____

Maintain a copy of the accepted agreement on site during the Orange County event.
